

List of Regulated Activities

ICT/BPO		
Sub sector	Licence	Regulatory Bodies
Telecommunications	Network application services provider GMPCS	Information and Communication Technologies Authority
	Public Switch (Fixed) Telephone Network (PSTN) Licence	Information and Communication Technologies Authority
	Public Land Mobile Network (PLMN) Licence	Information and Communication Technologies Authority
	International Long Distance (ILD) Network Licence	Information and Communication Technologies Authority
	Public Mobile Radio Trunking System Licence	Information and Communication Technologies Authority
	Audiotex Service Licence	Information and Communication Technologies Authority
	Data Service Licence	Information and Communication Technologies Authority
	Internet service Licence	Information and Communication Technologies Authority
	Internet Telephony Service Licence	Information and Communication Technologies Authority
	Facsimile Services Licence	Information and Communication Technologies Authority
	Payphone Service Licence	Information and Communication Technologies Authority
	Dealer's Licence	Information and Communication Technologies Authority
	Private Network Licence	Information and Communication Technologies Authority
	Aeronautical Base Station Licence (erp less than 5 W)	Information and Communication Technologies Authority
	Aeronautical Base Station Licence (erp equal to or more than 5 W but less than 100 W)	Information and Communication Technologies Authority
	Aeronautical Base Station Licence (erp equal to or more than 100 W)	Information and Communication Technologies Authority
	Aircraft Station Licence(maximum aircraft take off weight equal to or more than 14,000 kg)	Information and Communication Technologies Authority
	Aircraft Station Licence (maximum aircraft take off weight more than 3,200 but less than 14,000 kg)	Information and Communication Technologies Authority

	Aircraft Station Licence (maximum aircraft take off weight up to 3,200 kg)	Information and Communication Technologies Authority
	Coast Station licence	Information and Communication Technologies Authority
	Port Station licence	Information and Communication Technologies Authority
	VHF Maritime Base Station Licence	Information and Communication Technologies Authority
	Ship Station (Full Licence)	Information and Communication Technologies Authority
	Ship Station (VHF only)	Information and Communication Technologies Authority
	Private Mobile Radio Base Station Licence	Information and Communication Technologies Authority
	Private Mobile Radio (Repeater Station) Licence (where the licensee has been assigned the shared use of frequencies in a private mobile radio network or in a Private Access Mobile Radio Network).	Information and Communication Technologies Authority
	Immarsat Mobile Earth Station Licence (Types A, B, C, M and Mini-M).	Information and Communication Technologies Authority
	Radiolocation/Radiodetermination station Licence.	Information and Communication Technologies Authority
	Earth Station Licence (in a fixed satellite service).	Information and Communication Technologies Authority
	Portable Satellite communication terminal Licence.	Information and Communication Technologies Authority
	Telemetry, Command and Ranging (TCR) Satellite Earth Station Licence.	Information and Communication Technologies Authority
	Disaster recovery station Licence.	Information and Communication Technologies Authority
	Extended Radio-based Private Network device Licence (ELAN/ WLAN beyond 1 Km range and/or EIRP > 20 dBm).	Information and Communication Technologies Authority
	Radio Paging Transmitter Licence.	Information and Communication Technologies Authority
	Local Area Private Radio Paging Licence	Information and Communication Technologies Authority
	Model Radio Control Licence	Information and Communication Technologies Authority
	Radio Amateur Licence (class A).	Information and Communication Technologies Authority
	Radio Amateur Licence (class B).	Information and Communication Technologies Authority
	Radio Amateur Visitor's Licence.	Information and Communication Technologies Authority

	Radio Telemetry System Licence	Information and Communication Technologies Authority
	Low Power Radio Devices Licence	Information and Communication Technologies Authority
	Data Terminating Radio Devices operating in the band 2.4 to 3.5 GHz Licence	Information and Communication Technologies Authority
	Data Terminating Radio Devices operating in the band 4.5 to 5.7 GHz Licence	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp equal to or more than 5 W operating in the band 2.4 to 3.5 GHz)	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp equal to or more than 1 W but less than 5 W, operating in the band 2.4 to 3.5 GHz)	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp less than 1 W operating in the band 2.4 to 3.5 GHz)	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp equal to or more than 5 W operating in the band 4.5 to 5.7 GHz)	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp equal to or more than 1 W but less than 5 W, operating in the band 4.5 to 5.7 GHz)	Information and Communication Technologies Authority
	Local Multipoint Distribution (LMD) transmitter Licence (eirp less than 1 W operating in the band 4.5 to 5.7 GHz)	Information and Communication Technologies Authority
	Private Mobile Radio Apparatus Licence (Mobile/ Portable Station)	Information and Communication Technologies Authority
	VSAT/USAT Licence (C, Ku, Ka band operation)	Information and Communication Technologies Authority
	Temporary test licence for frequency usage.	Information and Communication Technologies Authority
	Network Spectrum Licence (operating in the frequency band below 1GHz).	Information and Communication Technologies Authority
	Network Spectrum Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz).	Information and Communication Technologies Authority
	Network Spectrum Licence (operating in the frequency band equal to or more than 3GHz but less than 10 GHz).	Information and Communication Technologies Authority
	Network Spectrum Licence (operating in the frequency band equal to or more than 10 GHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band below 1GHz with bandwidth less than 12.5 kHz).	Information and Communication Technologies Authority

	Radio-Relay Link Licence (operating in the frequency band below 1GHz with bandwidth equal to or more than 12.5 kHz but less than 25 kHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band below 1GHz with bandwidth equal to or more than 25 kHz but less than 50 kHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band below 1GHz with bandwidth equal to or more than 50 kHz but less than 100 kHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band below 1GHz with bandwidth equal to or more than 100 kHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz with bandwidth less than 1 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz with bandwidth equal to or more than 1 MHz but less than 7 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz with bandwidth equal to or more than 7 MHz but less than 14 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz with bandwidth equal to or more than 14 MHz but less than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 1GHz but less than 3 GHz with bandwidth equal to or more than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 3 GHz but less than 5 GHz with bandwidth less than 1 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 3 GHz but less than 5 GHz with bandwidth equal to or more than 1 MHz but less than 7 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 3 GHz but less than 5 GHz with bandwidth equal to or more than 7 MHz but less than 14 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 3 GHz but less than 5 GHz with bandwidth equal to or more than 14 MHz but less than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 3 GHz but less than 5 GHz with bandwidth equal to or more than 28 MHz).	Information and Communication Technologies Authority

	Radio-Relay Link Licence (operating in the frequency band equal to or more than 5 GHz but less than 8 GHz with bandwidth less than 1 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 5 GHz but less than 8 GHz with bandwidth equal to or more than 1 MHz but less than 7 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 5 GHz but less than 8 GHz with bandwidth equal to or more than 7 MHz but less than 14 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 5 GHz but less than 8 GHz with bandwidth equal to or more than 14 MHz but less than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 5 GHz but less than 8 GHz with bandwidth equal to or more than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 8 GHz but less than 10 GHz with bandwidth less than 1 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 8 GHz but less than 10 GHz with bandwidth equal to or more than 1 MHz but less than 7 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 8 GHz but less than 10 GHz with bandwidth equal to or more than 7 MHz but less than 14 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 8 GHz but less than 10 GHz with bandwidth equal to or more than 14 MHz but less than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 8 GHz but less than 10 GHz with bandwidth equal to or more than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 10 GHz with bandwidth less than 1 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 10 GHz with bandwidth equal to or more than 1 MHz but less than 7 MHz).	Information and Communication Technologies Authority

	Radio-Relay Link Licence (operating in the frequency band equal to or more than 10 GHz with bandwidth equal to or more than 7 MHz but less than 14 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 10 GHz with bandwidth equal to or more than 14 MHz but less than 28 MHz).	Information and Communication Technologies Authority
	Radio-Relay Link Licence (operating in the frequency band equal to or more than 10 GHz with bandwidth equal to or more than 28 MHz).	Information and Communication Technologies Authority
	Alarm Monitoring Service Licence	Information and Communication Technologies Authority
	UMS Licence (Unified Messaging System)	Information and Communication Technologies Authority
	Radio Paging Service Licence	Information and Communication Technologies Authority
Broadcasting	MF/HF Radio Broadcasting Transmitter Licence.	Independent Broadcasting Authority
	VHF FM Radio Broadcasting Transmitter Licence (eirp equal to or more than 1 kW)	Independent Broadcasting Authority
	VHF FM Radio Broadcasting Transmitter Licence (eirp equal to or more than 200 W but less than 1 kW)	Independent Broadcasting Authority
	VHF FM Radio Broadcasting Transmitter Licence (eirp less than 200 W)	Independent Broadcasting Authority
	Television Broadcasting Transmitter Licence(eirp equal to or more than 1 kW)	Independent Broadcasting Authority
	Television Broadcasting Transmitter Licence (eirp equal to or more than 100 W but less than 1 kW)	Independent Broadcasting Authority
	Television Broadcasting Transmitter Licence(eirp less than 100 W)	Independent Broadcasting Authority
